RE: Hall, Catherine: CRMC reappointment 2024

Dear Craig:

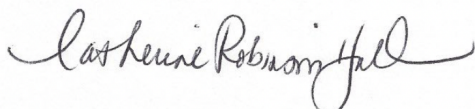

I hope you are doing well. As my term as an appointed member of the Council for the Coastal Resources Management Council (CRMC) has expired, I understand that I have been recommended by your office for reappointment to a second term.

This is to advise you that, with regret, I am unable to continue serving on the CRMC Council and am therefore withdrawing my name from your consideration for reappointment. I am copying the Chair of the CRMC Council as well as the CRMC Executive Director with this notice and will no longer serve on the Council as of the date of this letter. I am extremely busy with my work and want to direct more time to my family.

I have enjoyed my appointment to the Council and am deeply grateful to you and to the Governor for the opportunity to serve. I appreciate the support of my recommenders, members of the Senate who confirmed my appointment in 2022, as well as you and other members of the Governor's Office who supported my appointment and who considered me for reappointment. I have been honored to serve the State of Rhode Island in this capacity.

Thank you for your support and your considerable assistance. I sincerely appreciate it.

Sincerely,

CATHERINE ROBINSON HALL

Jeff Willis, Executive Director, CRMC
