

50 YEARS

Research Vessel **ENDEAVOR**

185 ft
LENGTH

10 kts
CRUISING SPEED

56,100
GALLONS OF FUEL

REACH

9600

days @ sea

38 days

longest expedition

8096

scientists on board

736

scientific expeditions

22

countries visited

19

U.S. ports

8700m

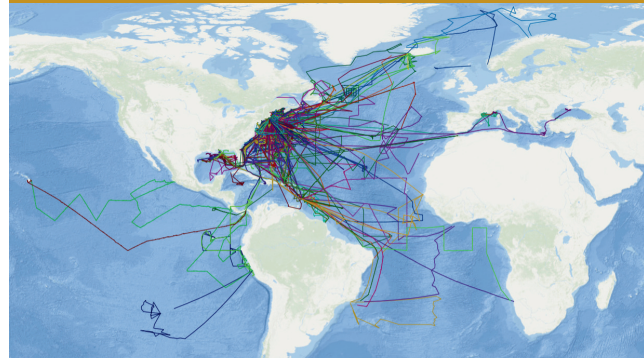

deepest deployment

1,030,000

miles sailed

SHIP TRACKS

ON BOARD

12

crew

16

scientists

2

marine technicians

Owned by the National Science Foundation and operated by URI's Graduate School of Oceanography, the ship was first launched in 1975.
